Dear students, I am Amanda Clark, the school club director, and I am writing to you about our school clubs. Over the last few semesters, there have been requests for more diverse school clubs. For this reason, the school decided to expand the number of clubs for extracurricular activities. This provides students with an opportunity to make additional clubs. Students can make any type of club based on their various interests, such as hip-hop, K-pop dancing, or coding. Therefore, I am encouraging you to submit a proposal for a new club that you would like to create. Please turn this in to my office by the end of this week. I look forward to seeing your great ideas. "Where could it be?" Sophie asked herself. It had been more than ten years since she had last visited the area where she had grown up. The village had changed a lot over time. Uncertain, she awkwardly looked around at her surroundings. She walked the narrow streets of the village, unsure about which way to go. Suddenly, Sophie saw a familiar sight. "Yes, this must be it," she thought. In front of her was a wall with flowers painted on it. Although the colors were now faded, the familiar shapes on the wall were the same ones she had painted with her father as a child. Sophie nodded, smiled brightly, and walked toward the gate. At last, she had finally found the house she had grown up in.

①confused →pleased ②confident →embarrassed

20. 다음 글에서 필자가 주장하는 바로 가장 적절한 것은?

The study of literature has repeatedly failed to recognize the influence of modern musical lyricists and their contributions to the evolution of language. Unlike Shakespeare, who has been studied and celebrated for his development of the English language, particularly in vocabulary and grammatical structure, modern songwriters have experienced restraints on the acknowledgement of their contributions and largely been ignored. Over the past century, we have witnessed an explosion of incredible literary works by these artists, who, through their music, have used linguistic manipulation and storytelling to enrich our language and literature. Producing lyrics of distinct and complex imagery, songwriters have had an incredible literary impact on our language. Their remarkable works, including influences on modern language development, must be recognized in the field of modern literature.

* lyricist: 작사가 ** restraint: 제약

①독특하고 복합적인 이미지 표현 기법을 작사 과정에 적용해야 한다.
②가사를 통해 작사가들이 언어와 문학에 기여한 바를 인정해야 한다.
③셰익스피어의 작품이 영문학 발전에 미친 영향을 분석해야 한다.
④문학 작품을 감상하기 위해 스토리텔링 기법을 이해해야 한다.
⑤문학 작품과 가사에 사용되는 언어의 차이를 연구해야 한다.

21. 밑줄 친 made a lot of work less sticky가 다음 글에서 의미하는 바로 가장 적절한 것은?

Digital platforms have made a lot of work less sticky. As work becomes ever more modularised, commoditised and standardised, and as markets for digital work are created, ties between service work and particular places can be disconnected. While the business process of outsourcing that emerged in the 1990s allowed large companies to take advantage of a 'global reserve army' by moving their call centres to cheap and distant labour markets, cloudwork changes the volume and granularity at which geographically non-proximate work can take place. A small business in New York can hire a freelance transcriber in Nairobi one day and New Delhi the next. No offices or factories need to be built, no local regulations are observed, and — in most cases — no local taxes are paid. The switch in the production network of work happens by simply sending some emails or clicking some buttons on a digital work platform. And, in this way, the employer leaves behind no material traces in the places where it was once an employer.

* commoditise: 상품화하다 ** granularity: 과립상(顆粒狀)

①settled the locational dilemma of the global markets
②elevated the spatial flexibility in conducting business
③weakened the geographical expansion of local business
④relieved the strict legal processes of regional outsourcing
⑤allowed business to be less complicated in its hiring process

22. 다음 글의 요지로 가장 적절한 것은?

A sport ecosystem exists based on the type and rate of coopetition existing. Coopetition is defined as "the simultaneous pursuit of cooperation and competition among firms to leverage strategically important resources for superior value creation purposes". It is a useful way to understand the dynamic nature of sport businesses which need to collaborate for resource efficiency purposes but potentially compete with each other. This special relationship should be managed properly due to trust and confidence issues being paramount. It can be challenging to be collaborative and competitive in sport as they involve different forms of behaviour. This means a careful balancing act may be required in terms of the amount of emphasis placed on each activity. Often sport managers will try to be more competitive due to performance reasons and less collaborative. By necessity they may need to share information but do so in a cautious manner. This means it might be better to have plans in place about how to pursue both simultaneously. This will ensure one is not neglected at the expense of the other.

* simultaneous: 동시의 ** paramount: 최고의

①스포츠 산업에서는 협력과 경쟁 사이의 균형 잡힌 접근이 요구된다.
②협력에 기반한 경쟁을 위해서 스포츠 정신 함양 교육이 필수적이다.
③스포츠에서는 성과를 중요시하기 때문에 협력을 과소평가하기 쉽다.
④스포츠 산업에서는 효율적 자원 활용을 위한 전략이 필요하다.
⑤스포츠 산업에서의 성취는 경쟁을 필연적으로 수반한다.

23. 다음 글의 주제로 가장 적절한 것은?

Emphasizing *speed over frequency* can make sense in contexts where everyone is expected to plan around the timetable, including peak-only commute services and very long trips with low demand. In all other contexts, though, it seems to be a common motorist's error. Roads are there all the time, so their speed is the most important fact that distinguishes them. But transit is only there if it's coming soon. If you have a car, you can use a road whenever you want and experience its speed. But transit has to exist when you need it (span), and it needs to be coming soon (frequency). Otherwise, waiting time will wipe out any time savings from a faster service. Unless you're comfortable planning your life around a particular scheduled trip, speed is worthless without frequency, so a transit map that screams about speed and whispers about frequency may simply be planting confusion.

* commute: 통근

①consequences of adjusting frequency of transit
②significance of designing an accurate transit map
③importance of valuing frequency in public transportation
④impact of creating high-speed public transportation systems
⑤methods to improve speed and frequency of commute services

24. 다음 글의 제목으로 가장 적절한 것은? [3점]

The economic benefit of culturtainment makes it attractive to politicians and policy makers alike. A potential increase in inbound visitor numbers coupled with their demand for related goods and services (travel, accommodation, retail) is an incentive for those within governments and authorities to work with cultural groups in order to develop celebrations and commemorations into larger and more high-profile events. However, such commercialization risks culturtainment becoming homogeneous and losing its original 'message' that could lead to a dilution of audiences. This could also lead to smaller non-commercial independent events being set up that would only serve to divide audiences further. This is something that planners and stakeholders will need to balance against potential financial gain. Changing political, social and religious landscapes will lead to the emergence of new cultures, and with them new culturtainment experiences. Overall this is a healthy growth sector of the entertainment industry, but one that by its very nature is delicate in the face of exploitation.
